CONCENTRIC ALIGNMENT DEVICE FOR DIES AND DIE STRIPPER

ABSTRACT OF THE DISCLOSURE

a
a 5
10

A punch and die alignment system. A first die includes a first die aperture for receiving a punch. A second die includes a second die aperture for receiving the punch. A first housing includes a first ^{die receiving} ~~die~~ passage for receiving at least a portion of the first die. A second housing includes a second ^{die-receiving} ~~die~~ passage for receiving at least a portion of at least one of the second die and the first die and for permitting at least one of the first die and the second die to rotate therein, thereby permitting the first die aperture and the second die aperture to be aligned with each other.
